Corrections

Correction: Article on Pharmacokinetic Study of Vorinostat6245

Correction: Article on La Autoantigen6245

About the Cover

Immunofluorescent analysis of the effect of irradiation on the localization of PKR^{+/+} MEFs. PKR expression increased 4 hours after radiation therapy in PKR^{+/+} cells. Translocation of PKR was noted in the nucleus of PKR^{+/+} MEFs but was not seen in PKR^{-/-} cells. Additionally, phosphorylated PKR was increased in the PKR^{+/+} cells suggesting activation of PKR after irradiation. For further details, please see Holzen *et al.* on page 6032 in this issue.
