Institution of Page Charges
Effective January 1, 1997, a page charge of $35 per printed page is being levied on all manuscripts published in \textit{Clinical Cancer Research}. It is understood at the time of submission that the author(s) agree to pay this charge in the event of publication. Under exceptional circumstances, when no other source of grant or other support exists, the author(s) may apply to Dr. Margaret Foti, Director of Publications, AACR Publications Department (see page ii for address) at the time of submission for a waiver of the page charges. All such applications must be countersigned by an appropriate institutional official stating that no funds are available for the payment of page charges.

Annual Meeting
The AACR’s Annual Meeting is one of the largest and most important annual gatherings of scientists engaged in cancer research worldwide. The next Annual Meeting will take place in San Diego, CA, April 12–16, 1997. The Chairperson of the Annual Meeting is Frederick P. Li of the Dana-Farber Cancer Institute. Clara Derber Bloomfield of the Roswell Park Memorial Institute and Stephen H. Friend of the Fred Hutchinson Cancer Research Center will serve as Co-Chairpersons. The Program Committee has invited outstanding scientists in the field to organize plenary sessions, symposia, controversy sessions, and meet-the-expert sunrise sessions. They are also now reviewing the proffered papers submitted by members of the cancer research community. The deadline for abstract submissions was November 12, 1996. Up-to-date program information can be obtained via the Internet at the AACR’s website (http://www.aacr.org/meetings.html).

Gertrude Elion Cancer Research Award
Applications for the AACR’s 1997 Gertrude Elion Cancer Research Award, supported by an educational grant from Glaxo Wellcome Oncology, are due February 14, 1997. The one-year, $30,000 grant to a nontenured Assistant Professor supports meritorious basic, clinical, or translational research in cancer causation, prevention, or treatment. Tenured faculty in academia, government employees, and employees of private industry are not eligible for this award. Information and application forms were mailed to AACR members and to those who requested applications. Nonmembers should request information and applications from the AACR office.

AACR Research Fellowships
This year the AACR will offer at least six one-year, $30,000 research fellowships for clinical or postdoctoral fellows working in the U.S. or Canada. Information and a universal application form will be mailed to all AACR Members in these countries and to others upon request for any of the following: the Research Fellowship in Clinical Research, sponsored by Bristol-Myers Squibb; the Research Fellowship in Clinical/Translational Research, sponsored by Amgen; the Research Fellowship in Prevention, sponsored by the Cancer Research Foundation of America; and three Research Fellowships in Basic Research, sponsored by the Sidney Kimmel Foundation for Cancer Research, Hoechst Marion Roussel, and the AACR. Additional fellowships and sponsors may be announced. To be eligible for these fellowships, candidates must have been a fellow for at least two years but not more than five years prior to the year of the award. The deadline for applications for the research fellowships is Friday, February 14, 1997.

AACR Special Conferences in Cancer Research
A number of meetings are now being organized in the AACR’s series of smaller scientific meetings. Following are the topics, dates, locations, and program committees for some of these meetings. When full details of each meeting are available, AACR members will be the first to receive complete brochures and application forms for participation in these important conferences. Nonmembers may receive this information by sending their names and addresses to Meetings Mailing List, American Association for Cancer Research, Public Ledger Building, 150 South Independence Mall West, Suite 816, Philadelphia, PA 19106-3483. Telephone: (215) 440-9300. FAX: (215) 440-9313. E-Mail: aacr@ aacr.org. Up-to-date program information is available via the Internet from the AACR’s website (http://www.aacr.org/confmc.html).

March 7–12, 1997
Basic and Clinical Aspects of Breast Cancer
Chairpersons:
J. CARL BARRETT, Research Triangle Park, NC
KAREN S. H. ANTMAN, New York, NY
MARY-CLAIRE KING, Seattle, WA
Keystone Resort, Keystone, CO

June 7–11, 1997
Cancer of the Central Nervous System Conference with Neurosurgery Joint Section on Tumors
Chairpersons:
PETER McC. BLACK, Boston, MA
WEBSTER K. CAVENE, La Jolla, CA
Loews Coronado Bay Resort, San Diego, CA

September 26–30, 1997
Tumor Suppressor Genes
Co-Sponsored by the National Cancer Institute of Canada
Chairpersons:
PHILIP BRANTON, Montreal, Quebec, Canada
STEPHEN H. FRIEND, Seattle, WA
Victoria Conference Centre, Victoria, BC, Canada
Instructions for Authors

Scope
Clinical Cancer Research, a journal of the American Association for Cancer Research, publishes original articles describing clinical research on the cellular and molecular characterization, prevention, diagnosis, and therapy of human cancer. Its focus is on innovative clinical research and translational research which bridges the laboratory and the clinic. Clinical Cancer Research is especially interested in clinical trials evaluating new treatments for cancer; research on molecular abnormalities that predict incidence, response to therapy, and outcome; and laboratory studies of new drugs and biological agents that will lead to clinical trials in patients.

Specific areas of interest include clinical and translational research in: molecular pharmacology and chemotherapy; drug sensitivity and resistance; tumor immunology and immunotherapy; radiobiology and radiation oncology; solid tumor oncology; hematological malignancies; surgical oncology; pediatric oncology; molecular oncology and cancer genes; pathology, markers, and prognostic indicators; growth factors, cytokines, and signal transduction; bone marrow transplantation; gene therapy; cancer endocrinology; cell adhesion, invasion, and metastasis; prevention of primary and recurrent cancer; differentiation and cell death; clinical genetics; and detection of minimal disease.

Editorial Policy
When a manuscript is received for consideration, the Editors assume that no similar paper has been or will be submitted for publication elsewhere. Further, it is understood that all authors listed on a manuscript have agreed to its submission. The signature of the corresponding author on the letter of submission signifies that these conditions have been fulfilled.

Journal policy requires that authors, reviewers, Associate Editors, and Senior Editors reveal in a letter to the Editor-in-Chief any relationships that they have that could be construed as causing a conflict of interest with regard to a manuscript under review. The letter should include a statement of any financial relationships with commercial companies involved with a product under study.

Upon acceptance, authors must transfer copyright to the American Association for Cancer Research, Inc., the copyright owner of the journal, prior to publication. Once an article is accepted for publication in Clinical Cancer Research, the information therein is embargowed from reporting by the media until the mail date of the issue in which the article appears.

The Editors endorse the principles embodied in the Declaration of Helsinki and expect that all investigations involving humans will have been performed in accordance with these principles. To obtain a copy of the Declaration of Helsinki, please contact the World Medical Association, 28, Ave. des Alpes, F-01210, Ferney-Voltaire, France. For animal experimentation reported in the journal, it is expected that investigators will have observed the Interdisciplinary Principles and Guidelines for the Use of Animals in Research, Testing, and Education issued by the New York Academy of Sciences’ Ad Hoc Committee on Animal Research, a copy of which is available for $5.00 from the Marketing Department, New York Academy of Sciences, 2 East 63rd Street, New York, NY 10021-7289. All human and animal studies must have been approved by the investigator’s Institutional Review Board.

Review Process
The review process, expedited by fax transmission and overnight mail service, is conducted as rapidly as possible. Each submitted manuscript is reviewed by at least two experts in the field of investigation. If the authors are invited to submit a revised manuscript for an expedited further review, the revised version must be submitted within three months.

Publication Fees
A page charge of $35 per printed page will be levied on all manuscripts accepted for publication. It is understood at the time of submission that the author(s) agree to pay this charge in the event of publication. Under exceptional circumstances, when no other source of grant or other support exists, the author(s) may apply to Dr. Margaret Foti, Director of Publications, AACR Publications Depart-

ment (see page ii for address) at the time of submission for a waiver of the page charges. All such applications must be countersigned by an appropriate institutional official stating that no funds are available for the payment of page charges.

Procedures for Submission
Submit papers directly to one of the six Senior Editors, each of whom is responsible for a particular area of research. Senior Editors will conduct the review process with the expert assistance of the journal’s Associate Editors, will correspond with authors about their manuscripts, and will make editorial decisions regarding publication. Papers within the subject areas covered by the Editor-in-Chief, as well as manuscripts that do not pertain to any of the research areas listed, should be submitted to Dr. Mendelsohn. Research areas, mailing addresses, and telephone and fax numbers for the Editor-in-Chief and Senior Editors can be found at the end of these Instructions.

Submit four original sets (not photocopies) of figures along with four copies of the manuscript. If a manuscript is closely related to papers that are in press or have been submitted elsewhere, please provide copies of those papers with your submission. For both original and revised submissions, we cannot guarantee that manuscripts and illustrations will be returned to the author.

The letter of submission can suggest the Associate Editors who might serve as reviewers of the manuscript. In addition, we invite authors to provide the names, addresses, and telephone/fax numbers of other potential reviewers who are not current or recent collaborators or advisors in the area under investigation.

Advances in Brief will be reserved for concise, definitive reports of novel observations and discoveries that have unusual importance. A request for consideration for Advances in Brief should be included in the letter of submission. A Minireview is a brief analysis (typically 3-4 printed pages) of a focused, timely research topic, aimed at a multidisciplinary audience. Minireviews and Controversies in Clinical Cancer Research that are submitted or solicited will undergo editorial review. The Editors welcome Letters to the Editor, which will be published if they are determined to be appropriate.

Format
Manuscripts must be written succinctly in clear, grammatical English. Define abbreviations in an inclusive footnote to the text. Double-space on 8 1/2 x 11-inch paper. Dot-matrix printing is not acceptable. The format is as follows:

1. Title page, including title, authors and their institutions, research support, and address plus telephone/fax numbers of the corresponding author;
2. A running title of fewer than 50 characters;
3. Three to five key words that do not appear in the title;
4. Abstract, of not more than 250 words, stating briefly the objectives, methods, results, and conclusions of the study;
5. Text arranged in this order: Introduction, Methods, Results, Discussion, Acknowledgments, References;
6. Footnotes, on a page separate from the text. Designate footnotes consecutively with superscript Arabic numerals;
7. Tables, on pages separate from the text, with descriptive titles and legends that make the data understandable without reference to the text;
8. Figure legends, on pages separate from the text, with descriptive titles and explanations that make the data understandable without reference to the text. Define all symbols and include staining for halftones where applicable;

References
Include only those articles that have been published or are in press. Unpublished data or personal communications must be cited as foot-
notes to the text. Personal communications should be substantiated by a letter of permission. Number references in the order of their first mention in the text. Cite only the number assigned to the reference. References must be double-spaced.

SAMPLE REFERENCES:

Figures
Provide four original sets of figures (whether line-cut drawings or halftones). Each sorted set should be in a separate labeled envelope, for distribution to reviewers. A typed label placed on the reverse side of each figure should contain the first author's name, figure number, and an arrow indicating top of figure. Letters and numbers on figures should not be smaller than 6-point or 12-point type. All figures will be published at a width of approximately 3 inches (8 cm) unless the author requests a greater width. Use tissue overlays to indicate important areas of the photographs that must be reproduced with greater fidelity. Authors are encouraged to submit color figures. The expense of reproducing color photographs must be offset partially by the author. The cost of color reproduction charged to authors is $797 per color figure. Submit color figures on flexible backing.

Proofs
Page proofs must be returned to the office of the American Association for Cancer Research within 24 hours of receipt. Return proofs by overnight mail. Proofs not received by the deadline will be published without the authors' corrections. Accepted manuscripts are regarded as final copy and should not be altered substantially in proof. Extensive alterations could cause publication delays, and authors will be charged for excessive alterations in proof.

Typesetting Manuscripts from Computer Disks
Clinical Cancer Research requests the submission of disks to expedite production of accepted manuscripts. If your article is accepted for publication, you will receive instructions regarding disk submission. It is the author's responsibility to ensure that the material on the disk matches the final accepted version of the manuscript.

Research Areas of the Editor-in-Chief and Senior Editors
John Mendelsohn, M.D., Editor-in-Chief
Department of Educational Publishing Services—227

ADVANCE REGISTRATION FORM

AMERICAN ASSOCIATION FOR CANCER RESEARCH
88TH ANNUAL MEETING - SAN DIEGO, CALIFORNIA - April 12-16, 1997

Return to
American Association for Cancer Research • Public Ledger Building, Suite 816
150 S. Independence Mall West • Philadelphia, PA 19106-3483 • FAX: 215-440-7228

DEADLINES:
• February 14, 1997 for reduced rates and to ensure receipt of meeting materials by mail in late March or early April
• March 17, 1997 for all registration by mail (Registration forms received after this date will not be accepted.
Registration will be conducted at the San Diego Convention Center from April 12-16, 1997.)
• April 9, 1997 to cancel registration and receive refund less cancellation fee of $35

(Please print)

☐ Check this box if you have a physical disability and have special requirements for transportation, hotel accommodations, or other facilities in connection with the meeting. A member of the Association Staff will contact you.

WHAT IS YOUR PRIMARY FIELD OF RESEARCH? (Please check only one):
☐ 1Biology/Biophysics ☐ 2Carcinogenesis ☐ 3Cellular Biology and Genetics ☐ 4Clinical Investigations
☐ 5Endocrinology/Signal Transduction ☐ 6Epidemiology ☐ 7Experimental Therapeutics ☐ 8Immunology ☐ 9Molecular Biology and Genetics
☐ 10Prevention ☐ 11Radiobiology/Radiation Oncology ☐ 12Virology ☐ 13Other (please specify): ______

ARE YOU THE PRESENTER OF AN ABSTRACT SUBMITTED FOR THE 1997 AACR MEETING? ☐ Yes ☐ No

ON WHICH DAYS WILL YOU ATTEND THE 1997 AACR ANNUAL MEETING (Check all that apply)?
☐ Saturday, April 12 ☐ Sunday, April 13 ☐ Monday, April 14 ☐ Tuesday, April 15 ☐ Wednesday, April 16

☐ Check this box if you are a high school or undergraduate student. This information will be used for the registration of a special educational event during the annual meeting for students interested in pursuing careers in science. The program, to be organized by the AACR Science Education Committee, will include presentations as well as panel discussions by cancer experts. Further information will be sent to you under separate cover.

PAYMENT OF REGISTRATION

Fees may be paid by check or with a VISA, MasterCard, or American Express account. All payments must be made in U.S. currency, and all checks must be drawn on a U.S. bank. Payment must accompany this form; purchase orders will not be accepted as payment.

On or Before Method of Payment
February 14 After February 14
Active/Corresponding Member Rate $155 $195 ☐ Check payable to AACR, Inc. in U.S. currency, drawn on a U.S. bank
Nonmember Rate $305 $365
(includes copy of AACR Proceedings)
Emeritus Member Rate $ 50 $ 50
Associate Member/Predoctoral Student Rate* $ 80 $ 90
Honorary Member Rate $ 0 $ 0
AACR Proceedings* $35 Members $35 Members
$ 45 Nonmembers 45 Nonmembers
Optional Overseas Surcharge* $ 25 N.A.
Proceedings on CD-ROM $35 Members $35 Members
$ 45 Nonmembers $45 Nonmembers
Methods Workshop Registration $ 50 $ 75

TOTAL ENCLOSED OR CHARGED $__________ $__________

☐ VISA ☐ MasterCard ☐ American Express

Card Number ____________________________ Expiration Date __________

☐ Person/Institution Issuing Check Check No. ____________________________

☐ Signature ____________________________________________

*An application for Associate Membership may accompany this form, but these should be submitted well before the February 14, 1997 deadline, as review of the Associate Membership application may delay registration. Students must enclose a statement, signed by the registrar, dean, or department head of their university or college on official letterhead, confirming their status. Postdoctoral fellows or physicians in training do not qualify for the student registration rate.

*AACR members with paid-up subscriptions to an AACR journal and registrants who pay the nonmember fee receive the Proceedings automatically. If these members or nonmembers check this box and pay the fee, they will receive an additional copy of the Proceedings.

*Optional payment for registrants outside of the U.S. and Canada only. Registrants paying this surcharge will receive meeting publications via air-mail–printed matter before the annual meeting. This service will not be available after February 14, 1997.

AACR members in good standing will receive copies of the Program and Proceedings prior to the meeting. Nonmember and student registrants who meet the February 14 deadline will also receive the Program and (if they have purchased it) the Proceedings prior to the meeting. Nonmembers and students who do not meet the deadline must pick up publications at the meeting site.

REFUND POLICY

Refunds on registration fees will be granted on written request received in the AACR Office by April 9, 1997. Requests received after this date will not be honored. Receipts and badges (if they have been mailed) must be returned to the AACR Office with the refund request. A cancellation fee of $35 will be deducted from all refunds to cover administrative costs.

Programs consist of 1, 2, or 3 cassettes. Prices are listed after each program title.

ICAN 632 (3 cass., $34.50) Symposium 5: Genetic, Environmental, and Behavioral Factors in Cancer Risk
ICAN 633 (3 cass., $34.50) First Joseph H. Burchenal AACR Clinical Research Award Lecture: Prophylactic Intervention for Malignancy: The Paradigm of the Type 2 Multiple Endocrine Neoplasia Syndromes (Samuel A. Wells, Jr.)
ICAN 634 (2 cass., $23) Minority Issues Committee Symposium: Reflections from Scientists: Their Pathways to Success
ICAN 635 (1 cass., $11.50) Meet the Expert Sunrise Session: Nuclear Oncogenes: Effects on Cell Cycle Regulation and Neoplastic Transformation (Peggy J. Farnham)
ICAN 637 (1 cass., $11.50) Meet the Expert Sunrise Session: Chemoprevention of Cancers Associated with Tobacco Use (Stephen S. Hecht)
ICAN 638 (1 cass., $11.50) Meet the Expert Sunrise Session: Antiestrogens (V. Craig Jordan)
ICAN 639 (1 cass., $11.50) Meet the Expert Sunrise Session: Specific Immunotherapy of Melanoma (Philip Livingston)
ICAN 640 (1 cass., $11.50) Meet the Expert Sunrise Session: Environmental Carcinogens: Their Impact in Cancer (John A. McLaughlin)
ICAN 641 (1 cass., $11.50) Meet the Expert Sunrise Session: Multistage Mammary Carcinogenesis (Daniel Medina)
ICAN 642 (2 cass., $23) Symposium 6: Steroid Hormones: Breast and Prostate Cancer
ICAN 643 (3 cass., $34.50) Symposium 7: Matrix Metalloproteinases and Their Inhibitors
ICAN 645 (2 cass., $23) Symposium 9: Viral Mechanisms of Carcinogenesis
ICAN 646 (3 cass., $34.50) Minisymposium Epidemiology and Prevention 4: Mechanisms of Chemoprevention
ICAN 647 (3 cass., $34.50) Minisymposium Immunology/Biological Therapy 4: Tumor Antigens and Effecter Cell Response
ICAN 648 (3 cass., $34.50) Minisymposium Experimental Therapeutics 12: Novel Drug Resistance Mechanisms
ICAN 649 (3 cass., $34.50) Minisymposium Radiobiology/Radiation Oncology 2: Radiation, Apoptosis, and the Cell Cycle
ICAN 650 (1 cass., $11.50) Presidential Address: The Evolution in Concepts of Drug Resistance: Implications for the Evaluation of New Drugs (Joseph R. Berenson)
ICAN 651 (1 cass., $11.50) Fifth American Cancer Society Award Lecture: Prevention of Cancer: The Role of Chemoprevention for the General Population and for Individuals at High Risk Due to Genetic Defects or Other Factors (Lee W. Wattenberg)
ICAN 652 (1 cass., $11.50) Controversy Session 3: Does Regional Chemotherapy Work?
ICAN 653 (3 cass., $34.50) Minisymposium Endocrinology and Signal Transduction 5: Resistance Action
ICAN 654 (3 cass., $34.50) Minisymposium Molecular Biology/Biochemistry 13: Cellular and Viral Oncogenes
ICAN 655 (3 cass., $34.50) Minisymposium Biology 12: Cell Cycle Genes in Cancer
ICAN 656 (3 cass., $34.50) Minisymposium Clinical Investigations 6: Minimal Residue Disease and Predictors of Outcome in Solid Tumors
ICAN 657 (2 cass., $23) Symposium 10: Cell Responses to DNA Damaging Agents
ICAN 658 (2 cass., $23) Symposium 11: Drug Resistant Genes: Transcriptional and Translational Mechanisms
ICAN 659 (2 cass., $23) Symposium 12: Melanoma as a Clinical Model
ICAN 660 (2 cass., $23) Symposium 13: Nutrition and Cancer
ICAN 661 (1 cass., $11.50) Presentation by NCI Director: Richard D. Klausner
ICAN 662 (1 cass., $11.50) AACR Annual Business Meeting
ICAN 663 (1 cass., $11.50) Meet the Expert Sunrise Session: Lung Cancer: A Primer (Robert L. Comis)
ICAN 664 (1 cass., $11.50) Meet the Expert Sunrise Session: NMR as a Prognosticator of Tumor Therapeutic Response (Jerry D. Glischon)
ICAN 665 (1 cass., $11.50) Meet the Expert Sunrise Session: Protein Kinase C in Carcinogenesis (Susan Jakub)
ICAN 666 (1 cass., $11.50) Meet the Expert Sunrise Session: Immunological Features of AIDS Pathogenesis (Jay A. Levy)
ICAN 667 (1 cass., $11.50) Meet the Expert Sunrise Session: DNA Topoisomerases and Their Inhibitors (Yves G. Pommier)
ICAN 668 (1 cass., $11.50) Meet the Expert Sunrise Session: Chemokines and Leukocyte-Specific Chemotactic and Activating Factors (Barrett J. Rollins)
ICAN 669 (1 cass., $11.50) Meet the Expert Sunrise Session: Childhood Leukemias: The Latest in Treatment (Stephens E. Sallan)
BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACC), a scientific society of over 11,500 laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage the presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world.

Members of the AACC enjoy the following benefits:
1. The privilege of sponsoring a proffered paper (abstract) for consideration at the annual meeting of the AACC; 
2. An advance copy of the Program and Proceedings of the American Association for Cancer Research that contains over 4,000 abstracts of proffered papers presented at the annual meetings; 
3. Reduced registration rates at annual meetings; 
4. Priority notice of small, focused meetings in the ACC's exciting series of Special Conferences in Cancer Research; 
5. Substantially reduced registration rates for Special Conferences; 
6. Opportunities for participation in ACC meetings in North America and abroad with other scientific societies around the world; 
7. Receipt of ACC Newsletters and other important announcements; 
8. Early notification of and reduced rates for participation in the ACC Employment Register; 
9. An up-to-date Membership Directory of over 11,500 member researchers in the cancer field; 
10. The professional benefits of the ACC's public education activities concerning funding for cancer research and press coverage of the latest research findings; 
11. The opportunity to participate in three Summer Workshops that foster knowledge in the cancer field for young investigators; 
12. The facilitation of informal scientific exchange with leading researchers in the cancer field; and 
13. Many more ongoing benefits.

QUALIFICATIONS FOR MEMBERSHIP

Active membership in the ACC is open to investigators who live in the Americas. Individuals who have conducted two years of research resulting in peer-reviewed publications relevant to cancer, or who have made substantial contributions to cancer research in an administrative or educational capacity, are eligible. If a candidate has conducted research in an area of biomedical science related to cancer, he or she will qualify for membership. Evidence of patents relevant to cancer research may be submitted as qualifications for membership in lieu of peer-reviewed publications.

Corresponding membership is open to persons who are not residents of the Americas. The qualifications for corresponding membership are the same as those indicated above for active membership. Visiting scientists from outside the Americas who intend to return to their countries of origin by the anticipated time of election should apply for corresponding membership. All other visiting scientists should apply for active membership and transfer to corresponding status upon leaving the Americas.

Graduate and medical students, postdoctoral fellows, and physicians in training who do not yet meet the above qualifications for active or corresponding membership should apply for associate membership. Forms for associate membership are available from the ACC Office.

PROCEDURES FOR APPLICATION

There are three deadlines for the receipt of a membership application: January 1, May 1, and September 1 of each year. The Membership Committee will review all complete applications for active membership that have been received by these deadlines and will submit recommendations on each candidate to the Board of Directors which formally elects all members. The same procedure is followed by the Special Membership Committee which receives applications for corresponding membership. Candidates will be notified according to the following schedule:

<table>
<thead>
<tr>
<th>Receipt of Application</th>
<th>Notification of Candidate</th>
</tr>

<tbody>
<tr>
<td>in AACC Office</td>
<td></td>
</tr>
<tr>
<td>January 1</td>
<td>March</td>
</tr>
<tr>
<td>May 1</td>
<td>July</td>
</tr>
<tr>
<td>September 1</td>
<td>November</td>
</tr>
</tbody>
</table>

A complete application consists of the following material:
1. 6 copies of the form on the opposite side of this page, with all required information provided.
2. 5 copies of the candidate's most current curriculum vitae and bibliography.
3. 5 copies of a letter of recommendation from a nominator who is an active, corresponding, emeritus, or honorary member of the ACC (at least one copy must be a signed, original letter). This letter should describe the candidate's achievements in laboratory research, clinical investigations, or epidemiological research, and it should affirm that this research adheres to accepted ethical scientific standards. -OR- The nominator may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
4. 5 copies of a letter of recommendation as described in Item 3 above from a second who is an active, corresponding, emeritus, or honorary member of the ACC (at least one copy must be a signed, original letter). -OR- The second may supply the responses requested at the bottom of the application form in the section entitled "STATEMENT OF SUPPORT" (at least one copy of the form must be the signed original).
5. 5 reprints of each of two publications on which the candidate appears as author. As noted above, evidence of patents developed by the candidate may be submitted in lieu of one or both of the publications. If submitting patents, supply patent number and year awarded.

All material should be collated into five complete sets with the original application form as a covering document and sent to the address given below. Questions regarding procedures for membership application may also be directed to the following address:

American Association for Cancer Research
Public Ledger Building, Suite 816
150 S. Independence Mall West
Philadelphia, PA 19106-3483
Phone: 215/440-9300
FAX: 215/440-9313
E-mail: aacr@aacc.org

RESPONSIBILITIES OF MEMBERSHIP

Candidates should be aware of the following responsibilities of membership in the ACC. Active members must pay annual dues. In 1997, annual dues for active members are $175, $100 of which is designated for ACC journal subscriptions. Newly elected members of the ACC who have already purchased subscriptions to Cancer Research, Clinical Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rates will receive reimbursement of the unused portion of those subscriptions once their first year's membership dues are paid in full.

Corresponding members are required to pay dues ($90 in 1997) and may, if they wish, subscribe to Cancer Research, Clinical Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at reduced member rates.

Applicants elected in March will be responsible for payment of that year's dues; applicants elected in July and November will pay dues for the following year. Applicants elected in March and July will be eligible to sponsor an abstract for the next annual meeting. Every effort will be made to afford the same opportunity to applicants elected in November.

Margaret Foti, Ph.D.

*Both nominator and seconder must be active, corresponding, emeritus, or honorary members of the AACR.

(This form may be reproduced.)
GUIDELINES FOR APPLICATION FOR ASSOCIATE MEMBERSHIP

QUALIFICATIONS FOR MEMBERSHIP

Associate membership is open to graduate students, medical students, postdoctoral fellows, and physicians in training who are following a course of study or who are working in a research program relevant to cancer. Scientists in training who already have a substantial record of publications may wish to apply for active or corresponding membership which confers full benefits of membership.

BENEFITS OF MEMBERSHIP

The American Association for Cancer Research (AACR), a scientific society consisting of laboratory and clinical cancer researchers, was founded in 1907 to facilitate communication and dissemination of knowledge among scientists and others dedicated to the cancer problem; to foster research in cancer and related biomedical sciences; to encourage presentation and discussion of new and important observations in the field; to foster public education, science education, and training; and to advance the understanding of cancer etiology, prevention, diagnosis, and treatment throughout the world. Associate members of the AACR enjoy the following benefits:

1. the privilege of sponsoring a proffered paper (abstract) for consideration for presentation at the AACR annual meeting provided that (a) the associate member is the presenter of the paper and (b) an active, corresponding, emeritus, or honorary member in good standing of the AACR also signs the abstract of the paper in support of the work. (In this instance, the member who cosigns the abstract does not lose his or her own sponsorship privilege.);
2. an advance copy of the scientific Program and (if one has been purchased by the associate member) the Proceedings of the American Association for Cancer Research that contains over 4,000 abstracts of proffered papers presented at the annual meeting;
3. the privilege of registering for the annual meeting at the low associate member rate;
4. preferred access to the AACR Employment Register;
5. optional subscriptions to the Association’s high-quality journals Cancer Research, Clinical Cancer Research, Cell Growth & Differentiation, and Cancer Epidemiology, Biomarkers & Prevention at reduced member rates;
6. priority notification of events in the AACR’s series of special conferences on timely subjects in the field;
7. substantially reduced registration rates at special conferences;
8. the receipt of AACR newsletters, meeting announcements, and an up-to-date Membership Directory;
9. the opportunity to participate in three Summer Workshops that foster knowledge in the cancer field for young investigators; and
10. the facilitation of informal scientific exchange with leading researchers in the cancer field.

PROCEDURES FOR APPLICATION

Persons wishing to apply for associate membership must use the official application form on the reverse side of these instructions. Each candidate for associate membership must be nominated by an active, corresponding, emeritus, or honorary member in good standing of the AACR. Three completed copies of the form should be submitted; at least one of these copies must carry the original signatures of both the candidate and the nominator. In addition, the candidate should submit one copy of his or her curriculum vitae. The application form may be submitted to the Association Office at any time.

After review of applications for associate membership, the Executive Director will notify candidates of their election or deferral within one month of the receipt of the application form. A check for one year’s dues payment must accompany the application. Dues for 1996 are $35 for associate members residing in the Americas and $45 for residents of other countries. For 1997 these rates are $45 and $55, respectively. This fee will be refunded to any candidate deemed to be ineligible for associate membership. Checks should be in U.S. currency, made payable to AACR, Inc., and drawn on a U.S. bank. Send the three copies of the application form and the appropriate dues payment to:

American Association for Cancer Research
Public Ledger Building, Suite 816
150 S. Independence Mall West
Philadelphia, PA 19106-3483
Phone: 215/440-9300
FAX: 215/440-9313
E-mail: aacr@aacr.org

RESPONSIBILITIES OF MEMBERSHIP

Associate members must pay annual dues in an amount to be determined by the AACR Board of Directors. Dues for 1996 have been set at $35 per year for residents of the Americas and $45 for residents of other countries. For 1997 these rates are $45 and $55, respectively. If an application is submitted by August 31, the accompanying dues payment will be credited to the current year. Candidates submitting applications between September 1 and December 31 may indicate whether they wish their dues payments credited to the current or forthcoming year. Candidates should be aware, however, that associate members may sponsor an abstract for the annual meeting only if their dues for the current year are paid. For example, an associate member submitting an abstract in November 1996 for the forthcoming annual meeting must have paid dues for 1996. Any newly elected associate members of the AACR who have already purchased subscriptions to Cancer Research, Clinical Cancer Research, Cell Growth & Differentiation, or Cancer Epidemiology, Biomarkers & Prevention at the higher, nonmember rate will receive a refund for the unused portion of that subscription upon receipt of their payment for a member’s subscription.

Each Fall the AACR will send to current associate members an invoice for dues for the forthcoming year. Payment of this invoice must be accompanied by a statement signed by the associate member’s current registrar, dean, or department head, verifying the member’s current academic status. The Association’s By-Laws state that dues are payable for each year in advance by January 1 of the year to which they should be applied. An individual may be an associate member for a maximum of five years. Each year in which an individual pays dues will count as one full year of associate membership. Thus, an associate member who pays dues for 1996 may retain associate membership until December 31, 2000. The Board of Directors may terminate the membership of an associate member whose dues are in arrears for two years.

SIGNATURES

I hereby apply for associate membership in the American Association for Cancer Research. I have read the instructions on the reverse side of this form, and I understand the privileges and responsibilities of this class of membership. I certify that the statements on this application are true.

Signature of Candidate: ___________________________________________ Date: ______________

I recommend this candidate for associate membership in the American Association for Cancer Research. To the best of my knowledge, the candidate is qualified for this class of membership, and the statements on this application are true.

Signature of Nominator*: __________________________________________ Date: ______________

Submit three copies of this form. At least one copy must contain the original signatures of the candidate and the nominator. In addition, submit one copy of your curriculum vitae. Enclose a check in U.S. funds, made payable to AACR, Inc., and drawn on a U.S. bank for one year’s dues. For 1996, dues are $35 for associate members residing in the Americas and $45 for residents of other countries. For 1997, these rates will be $45 and $55, respectively.

Check one of the following boxes only if this form is being submitted between September 1 and December 31:

☐ The enclosed dues payment should be applied to the current calendar year.

☐ The enclosed dues payment should be applied to the forthcoming calendar year.

(Note: If dues are applied to the forthcoming year, membership will take effect on January 1, but the candidate will not be eligible to sponsor an abstract for presentation at the annual meeting in March or April of that year.) See Guidelines for Application on the reverse side of this form for further instructions.

* Nominator must be active, corresponding, emeritus, or honorary member of the AACR.

(This form may be reproduced.)

Software packages that we are unable to translate:

- FrameMaker
- PageMaker
- Ready, Set, Go
- Scientific Writer

Disks produced on IBM or IBM-compatible computers are preferred, but those produced on some Apple or Wang computers can also be converted. Because of the file structures and internal coding, we cannot accept disks created on desktop publishing systems or those created on proprietary typesetting systems. We also cannot guarantee that all special characters can be translated. Tabular and mathematical material, such as equations, will not be captured from the disk but will be rekeyed.

To expedite work and for your own security, we do require that you submit a hard copy printout of the disk file. The tables and equations will be keyed from this hard copy. We also need to know the name of the file to be converted, the type of hardware (e.g., IBM PC) on which the files were created, the operating system (e.g., DOS 3.3), and the version of the software (e.g., WordPerfect 5.1) used to create the file.

PLEASE FILL OUT ALL INFORMATION ON REVERSE SIDE AND SUBMIT THIS FORM WITH YOUR DISK. DISKS WILL NOT BE PROCESSED WITHOUT THIS INFORMATION.
DISK SUBMISSION FORM

AACR journals are now using personal computers to copyedit manuscripts accepted for publication. When submitting a revised manuscript, authors are encouraged to submit an electronic disk of the paper along with the required four hard copy printouts. Disks will ultimately be returned to the authors.

See reverse for the word processing packages that can be accepted.

File preparation

Please be sure that the file you send is the most recent version of the manuscript and that it matches the most recently submitted printed copy. The file should contain all the parts of the manuscript in one file. Mathematical and tabular material, however, will be processed in the traditional manner and may be excluded from the disk file.

Note: AACR does not assume responsibility for errors in conversion of customized software, newly released software, or special characters.

Please label the outside of the disk with the journal name, the first author’s name, a partial title of the manuscript, and the name of the computer file used to access the manuscript on disk. To process your disk efficiently, we need the following information. Please be sure to provide ALL the information.

Name used to access paper on disk: __________________________________________
Name of computer used (e.g., IBM/PS2): ______________________________________
Operating system and version (e.g., DOS 3.3): __________________________________
Word processing program and version (e.g., WordPerfect 5.0): ____________________
  [See reverse for acceptable programs.]

Manuscript number: ________________________________________________________
First author: _______________________________________________________________
Corresponding author (if different from first author): _____________________________
Telephone/FAX numbers: ____________________________________________________
