Notice to Members of the American Association for Cancer Research (AACR)

Officers for 1997–1998

President: Donald S. Coffey, Johns Hopkins University School of Medicine, Baltimore, MD 21287-2101
President-Elect: Webster K. Cavenee, Ludwig Institute for Cancer Research, La Jolla, CA 92093-0660
Treasurer: Bayard D. Clarkson, Memorial Sloan-Kettering Cancer Center, New York, NY 10021
Executive Director: Margaret Foti, AACR, Public Ledger Bldg., Suite 826, Philadelphia, PA 19106-3483

Annual Dues

The annual dues of active members of the AACR are $175, $50 of which may be applied to a subscription to Clinical Cancer Research. Corresponding members of the Association will be charged an appropriate fee to offset periodicals postage costs. Payment of dues and changes of address of members of the Association should be sent promptly to Margaret Foti, Executive Director, AACR, Public Ledger Bldg., Suite 826, 150 South Independence Mall West, Philadelphia, PA 19106-3483; Phone: (215) 440-9300; FAX: (215) 440-9313.

Submission of Manuscripts

Clinical Cancer Research, a journal of the American Association for Cancer Research, publishes original articles describing clinical research on the cellular and molecular characterization, prevention, diagnosis, and therapy of human cancer. Its focus is on innovative clinical research and translational research which bridges the laboratory and the clinic. Clinical Cancer Research is especially interested in clinical trials evaluating new treatments for cancer; research on molecular abnormalities that predict incidence, response to therapy, and outcome; and laboratory studies of new drugs and biological agents that will lead to clinical trials in patients. All submissions undergo peer review. Papers should be sent directly to an appropriate Senior Editor or to the Editor-in-Chief for review. See "Instructions for Authors" (page ii of this issue) for complete mailing addresses of the Editor-in-Chief, Deputy Editor, and Senior Editors.

Back Issues and Single Copy Sales of the Journal

Copies of back stock of the journal may be ordered from AACR Subscription Office, P.O. Box 11806, Birmingham, AL 35202 [Phone: (800) 633-4931 or (205) 995-1567; FAX: (205) 995-1588]. As long as supplies permit, single copies will be sold by this company at $25.00/copy. Orders outside the U.S. add $3/copy to offset postage costs.

Advertisements

Advertisement insertion orders and copy must be received one month prior to the date of issue in which the advertisement is to be published. The journal is mailed on approximately the 1st day of the month of issue. Inquiries about advertising should be directed to: M. J. Mrvica Associates, Inc., 155 South White Horse Pike, Berlin, NJ 08009 [Telephone: (609) 768-9360; FAX: (609) 753-0064].

Copyright and Permissions

Authors who wish to publish in Clinical Cancer Research must formally transfer copyright to the proprietor of the journal, the American Association for Cancer Research, Inc. It is understood by this transfer that the authors relinquish all exclusive rights of copyright ownership, including the rights of reproduction, derivation, distribution, sale, and display.

Authors who prepared their articles as part of their official duties as employees of the U.S. Federal Government are not required to transfer copyright to the American Association for Cancer Research, Inc., since these articles are considered to be in the public domain. In the case of articles supported by federal grants or contracts, copyright transfer to the American Association for Cancer Research, Inc., is required. The federal government may retain a nonexclusive license to publish or republish such material.

The Journal will routinely allow authors (or others with the permission of the authors) to include select parts of a copyrighted article in reviews, books, or subsequent papers, upon written request to the AACR Director of Publications. Requests to reproduce an article in its entirety will be considered on an individual basis and permission may be granted contingent upon payment of an appropriate copyright fee. All reproduction requests must include a brief description of intended use and a stamped, self-addressed envelope. Third parties should obtain the approval of the authors before corresponding with the AACR.

Those who wish to photocopy articles should contact the AACR Publications Department [Phone: (215) 440-9300; FAX: (215) 440-9354].

No responsibility is accepted by the Editors, by the American Association for Cancer Research, Inc., or by Cadmus Journal Services for the opinions expressed by contributors or for the content of the advertisements.

Clinical Cancer Research is abstracted and/or indexed in Cancer Lit., Chemical Abstracts, and Current Contents (Clinical Medicine).

Clinical Cancer Research (ISSN 1078-0432) is published monthly by the American Association for Cancer Research, Inc., Public Ledger Bldg., Suite 826, 150 South Independence Mall West, Philadelphia, PA 19106-3483 for $50 annually for members and $105 for individual nonmembers. Clinical Cancer Research is only available to institutions as a combined subscription with Cancer Research. The combined 1997 institutional subscription price of $685 includes $170 for a subscription to Clinical Cancer Research. Periodicals postage paid at Philadelphia, PA and additional mailing offices. PROJECT DIRECTOR,
BIOMEDICAL SCIENTIFIC PEER REVIEW SERVICES

Located in the Washington, D.C. area — Bethesda and Frederick, MD offices, with project office location based in Frederick. Qualified candidates must possess a Ph.D. in a biomedical related field or an M.D., and have a minimum of 3 years experience directing research and science management operations, knowledge of the scientific merit peer review process a plus. Salary is negotiable.

Qualified candidate will serve as the main interface with the company's client. They will be fully responsible for a large multidisciplinary staff and their technical performance, particularly in relation to ensuring that the highest standards of quality and integrity are applied to the scientific merit peer review process; will direct the full range of services in support of the scientific merit review of research proposals in areas such as, cancer (breast, prostate, ovarian), neurofibromatosis, and osteoporosis.

Qualified candidate will be responsible for directing a contract Quality Improvement Program (i.e., quality control procedures, business process improvements, and cost containment/reduction strategies). Candidate will discern, develop, and implement new or improved scientific and technical management practices and procedures; ensure all contract activities and deliverables are fully responsive to the client’s requirements, are delivered in accordance with specified schedules, and meet client satisfaction.

AMERICAN ASSOCIATION FOR CANCER RESEARCH

1998 RESEARCH FELLOWSHIPS

For Young Scientists at the Postdoctoral or Clinical Fellow Level

- **1998-1999 Research Fellowship in Basic Research:** This Fellowship, sponsored by the AACR, will provide a two-year grant of $30,000 per year to a young scientist in North, Central, or South America engaged in meritorious basic cancer research.

- **1998-1999 Research Fellowship in Clinical/Translational Research:** This Fellowship, sponsored by Amgen, Inc., will provide a two-year grant of $30,000 per year to a young scientist in North, Central, or South America engaged in meritorious clinical or translational cancer research.

- **1998-1999 Research Fellowship in Clinical Research:** This Fellowship, sponsored by Bristol-Myers Squibb Oncology, will provide a two-year grant of $30,000 per year to a young scientist in North, Central, or South America engaged in meritorious clinical cancer research.

- **1998-1999 Research Fellowship in Prevention Research:** This Fellowship, sponsored by the Cancer Research Foundation of America, will provide a two-year grant of $30,000 per year to a young scientist in North, Central, or South America engaged in meritorious cancer prevention research.

- **1998 Research Fellowships in Basic Research:** Two Fellowships, sponsored by The Sidney Kimmel Foundation for Cancer Research and Hoechst Marion Roussel, will each provide a one-year grant of $30,000 to a young scientist in North, Central, or South America engaged in meritorious basic cancer research.

**Eligibility/Selection Process**
Candidates must have completed the M.D., Ph.D., or other doctoral degree. Candidates must currently be a postdoctoral or clinical research fellow and must have been a fellow for at least two years but not more than five years prior to the year of the award. Academic faculty holding the rank of assistant professor or higher, graduate or medical students, medical residents, permanent government employees, employees of private industry, and individuals who will receive fellowships from similar programs during the award year are not eligible. A candidate need not be a member of the AACR at the time of application, but he or she must be nominated by an AACR Member, and non-members must submit an acceptable application for membership with the fellowship application. Associate Members may not be nominators. Applications will receive careful scientific evaluation by a prestigious, multidisciplinary Committee consisting of AACR Members who are experts in basic, clinical, and translational cancer research. Applications must be submitted in complete form by January 15, 1998.

The gold standard in oncology

BJC provides vital information in a fast-moving field, publishing primary research articles on:
- Cellular and molecular biology
- Clinical oncology
- Experimental therapeutics
- Epidemiology
- Pathology

The journal also covers the clinical implications of research findings. BJC ensures that your perspective is truly international, with over 70% of published papers originating outside the UK. Its impact factor of 3.499 in 1995 makes it the premier European journal in the field.

In addition to original research articles, you will find:
- High quality review articles
- Fast-track news items
- Editorials on 'hot' issues
- Research correspondence
- Conference information
- Free conference abstract supplements
- Book reviews

Indexed in:
Current Contents, Medline, Index Medicus, Science Citation Index, Excerpta Medica, Current Advances in Genetics and Molecular Biology, Index to Scientific Reviews
