Figure S1

A. Images showing stages I, II, and III squamous cell carcinomas.

B. Bar graph showing expression levels of Gal-1 in different stages with n = 11 and n = 6.

C. Western blot analysis showing expression levels of Gal-1 and GAPDH in LLC-1 and A549 cells with shRNA.

D. Graphs showing OD490 over days for LLC-1 and A549 cells with and without shRNA.
