CXCR4 expression in NHL cells.

Human NHL cell lines BL-2, Ramos, Raji, OCI-LY7, OCI-LY19 and BJAB were analyzed for (A) CXCR4 and (B) CD20 cell surface expression (purple, isotype control antibody; green, CXCR4-APC or CD20-PerCPCy5). (C) Expression of CXCR4 on primary CD20+ cells from BM (P1-P5) and blood samples (P6-P7) of NHL patients.
